Jack and I grew up together all through elementary and Junior High School. My Mother and Father Joined him now and they called him their second son. Jack and I joined the Navy together in San Antonio and I spent almost 34 years in the service. I never got to spend enough time with him after he returned from the NAVY. May God Bless his Soul always and I hope to see you again on the other side. Michael B. Martinez Jr.

Funny how time goes by and we just have the memories of those we shared life that come back in our minds from time to time. It is now 2023, 13 years ago and your boys have grown up now. You'd be proud of them both and both have a passion for cars. Fishing will always be where they can feel close to you as there were so many memories we made at the surf and with our friends. Just passing through memory lane today 31 years after we met.....and saying thanks for all the memories made for 18 years, good and bad as they pushed me forward to who I am today.

10 years ago you left us too soon. Your sons have grown up and you'd be really proud of them today. They turned out to be the best of you. RIP Jack and know that you were loved by so many. The Song remembers when...Wendy
