I don't think I could pick just one memory because the warmth and love of Aunt Weezie just filled the whole house and occasion every time. I always look forward to seeing her, and will deeply miss her. She will always have a place in my heart, and has had more of an influence on me than she could ever know. I love you Aunt Louise.

My precious Aunt Weezie was such an awesome lady! Her door and arms were always open to us. Every time we got together she was in the kitchen making such wonderful things and the smell was heavenly. I will treasure your recipes I was lucky enough to have you share with me. She was her happiest when family was surrounding her. The teasing between her and the boys was always so much fun. And the private joke about the "finger salad" that made us all roar with laughter. These are the memories she blessed me with and I will carry always. She gave comfort when I lost my own Mother and opened her arms to me. She was beautiful inside and out. I know God has taken her home and no more suffering but those of us left behind will miss her until we meet again. The heavens definately got a new shining star! Save me a seat Weezie until we meet again....love you always, Betty Jean
