Mom, just want to say we all love you and miss you very much. You were the center of our world. Thank you for being an amazing woman and part of our lives. Dad asked me to manage this. A Thousand Times: A thousand times we needed you A thousand times we've cried. If all our love could have saved you You never would have died. It broke our hearts to lose you But you did not go alone, For part of us went with you The day God called you home. It is a never-ending grief Of which we now must bear Until we breathe our last farewell And finally meet you there. We love you and miss you!

It's hard to think of something to say about someone who helped change your life for the better. You were always there for me, and you always made sure your work sons were well taken care of. You were our work mother, and you will be remembered as such. There aren't any words that can describe how much you will be missed. Thank you for everything!!

I love you so much mom. You were always there for me, always caring. You were so much more than just 'mom'. You did more than me, Dad, Jason, Jessica and Terri combined.
