To my mother, such a special and loving person. She saw us in our battles at times and yet chose not to judge us. But rather she gave us the support, love and advice we needed. Little did we know that we would use these attributes later in our lives. But she did know because she always saw the full picture. Her grace continued to flow like all the colors of the rainbow in each of her paintings. With her love enhancing every detail, bringing them into perfect balance and harmony. Because her most important goal was to have a family that loved each other as much as she loved all of them. I love you Mom and miss you dearly John 15: 13-17

My mother was the most wonderful woman I have ever had the pleasure to know. She taught me not only how to be a good person but to have the humility it takes to be the kind of person the God wants to be. She raised us to be strong, independent individuals but to know that family is what keeps us strong. Her love knew no bounds for all of us but she always made each one of us feel special in our own ways. I will miss her so much and can't imagine my life without her going forward but feel truly blessed to have had her in my life for 63 years. Love and miss you mom, Mary
