My uncle was a great person. He had a heart of gold and was always willing to help anyone out, as many can attest to. He loved his family so much especially his daughter and grandkids. He loved softball and was known as "Wolf" by his softball buddies and would hit the furthest homeruns. There are so many great memories I carry of him growing up and him being around for mine and Steph's softball days and all of our parties at my parents house. In his last days being in the hospital, even though he went through so much, he would always tell you he was doing okay and didn't have any pain and was looking forward to being out of the hospital and making plans of what he was going to do once he got out. Before we would leave from seeing him each time, he would look at us and give us a smile and two thumbs up. I love you uncle, I know you are resting now and not in pain and with our family. You will be missed but you will always remain in our hearts.
