Mom, it's been six months since you passed and it seems like yesterday. Just wanted to share that mom was a gardener. She and my dad had the most beautiful yard in the neighborhood and that is no brag just fact. They always took pride in what they did. There was no one like them. They were definitely a team. I am proud to say that I was your daughter mom and dad. Love u both!!

Mom, wishing you a Happy Mother's Day in your eternal home in heaven. I miss you on this first Mother's Day without you. You not being here is so strange and foreign to me but I know you are in the kingdom of heaven and with my father and brother. I would always tell you that everyday is Mother's Day...I love you mom and again happy Mother's Day!

Just wanted to share one of moms attributes which was that of an avid reader. She would love to read fiction and nonfiction. She could read a paperback in one day and then start another on the same day. I would ask her about what she had read and she would tell me all about what she had read. I will miss her voice and her storytelling. God bless you mom. I know you are surrounded by all the angels and saints.

My mom loved gardening. She had such a love of the earth. She knew a lot about plants and loved plumerias and hibiscus. She also used to have bee hives in the backyard which produced loads of honey. She loved her beehives. These are remembrances I will always have of my beautiful mother and wanted to share.
