## **Danny Owen Lytle**

AUG 16, 1949 - JUN 28, 2020

**D**anny Owen Lytle, was born August 16, 1949. He was born in Seminole, Oklahoma of parents Owen and Jean Lytle. Dan passed away on Sunday June 28, 2020 in La Porte, Texas at the age of 70.

While growing up in Seminole, he would always ask for his Gram's Cinnamon rolls because Dan's taste buds were always engaged. His traditions and teachings in the art of the "Thanksgiving" will be passed on to this generation.

He attended highschool at Cooper H.S with the class of 1969 in Abilene, Texas where he played baseball.

He then enlisted into the US Army near the end of the Vietnam era in 1968 to 1971 as a PV1 and was promoted to Sergeant by the end of his career with the 74th ARTY (Artillery) DET USAREUR in Heidelberg, Germany.

After his military career, he returned to Oklahoma where he worked for Wrangler in the late 70's and the oil field in the 80's. He moved to Houston in 1989 to work in the environmental / hazmat field. Through the eyes of his peers and colleagues he would become a dedicated friend and employee for companies like Garner, Boots and Coots, OMI and SLICK Response.

Dan highly supported and loved his family. He attended Dickens on the Strand to support his wife, he was his brother hero in moments of his life and a teacher/and a coach. He would teach his step kids to be reliable on how to fix their vehicles and to hold that flashlight, so he could see when making repairs at night. Sports were a big part of Dan's life from watching events such as NASCAR, baseball, football to coaching girls softball. His favorite college football team to root for was the Oklahoma Sooners. He was an avid fan through their highs and lows.

He was survived by his wife, Janell Lytle of 25 years and his mother, Jean Lytle. With two step children Justin Landolt, Nichole (wife) and Travis Landolt. He was a father to his son Jason Lytle

I decided it is finally time to type a little message. Dan is the guy everyone always remembered from one spill or job to the next. Not just as the guy with the piercing blue eyes - but as the work horse that all the "youngsters" usually ended up watching as they rested & tried to keep up! Dan always had a smile on his face. Yes, I always knew what he may have said under his breath if he dropped his head & walked away - HAHA! But always fun to work with! Dan's work ethic was as infectious as his laugh! Everyone in the industry will surely miss you, Dan. I am honored to have called you my friend for so many years! May your beer be always cold, the Whataburgers hot, & OU winning! Janell & the rest of your family, thank you for sharing Dan with all of us! He will be forever cherished & remembered! You guys will be in my prayers.

My memories of Danny, Gary, Sharon and I are from many years ago. I remember playing with GI Joe ... or maybe he just let me look at them. My favorite memory is swinging in his back yard and singing at the top of our lungs! How nice to read of his full life and to know that he was happy. With love,

I remember Danny and I as kids playing cars in the hall, rolling them back & forth to each other. Also playing cowboys and having fake fist fights. One time when we were having a fake fight, he was bent over like I had hit in the stomach, and I was sort of bent over just above him, he stood straight up and his head caught me right in the mouth. It busted my bottom lip and loosened my right front tooth. That tooth later turned black. It stayed black until I had it fixed about 15 years ago. I loved Danny like a Brother. Our families were always together when we lived in Abilene. We were always like kinfolks, still are.

Dan was always welcoming to myself and all of Justin's and Travis's friends. Both him and Janelle were always willing to open their doors and even fridge to all of us. I can't count the number of times he would pick me up and/or drive me back to Pasadena just so I could hang out with Justin and Travis. He enjoyed explaining things to us and always tried to maintain his patience with all of us. Even when one of us would leave the door open. I do consider it a privilege and honor that I got to know and meet Dan.
