There are just so many memories of my sister. But i can definitely say that when my parents were not there for us, she was. She provided for me, Vidal, Frank and Luis. She was working at Molina's Mexican restaurant at the time. She would come home smelling like mexican food..made me hungry. She was always positive and would constantly tell my brothers and i to not even think about dropping out of high school..and to graduate..which we all did. She was a "rock of a woman" and a cornerstone of my life's foundationas. And that laugh when she would just bust out laughing..that was her trademark. She loved to dance. Once at a private family celebration at a club.. I asked her to dance. She was wide eyed surprised. I was like 21 years old. I danced for the very first time with her and she was very surprisef that i knee how to dance..she started crying. That was a very special memory to me..and still is.I love you my sister..you're with the rest of the family..and i am happy for you..but i will still miss you. Thank you for loving me the way you did. Your brother..Mario...

I have so many beautiful memories of her. She always had a sense of humor in good times and bad. She would always share fond memories of how it was growing up with my grandparents and uncles. Best memories I have of her is when she would take me to see the Stros as a kid. That's where my roots grew deep for the team and to the very end we would talk about the games. Win or lose. I'll miss that about her and the time we had with her. I thank almighty God for putting this angel in my life. Now she watches over us. Love you Tia...my Madrina!! May you rest in paradise!! Until we meet again. ❤️🙏😊
