Loved my sister Carole Ann and was almost like we were twins since we were only 18 months apart in age,. remember visiting her and Jim first in Centerburg, then in Florida, and last in Texas. Enjoyed are phone calls and mostly talked about our kids and never mentioned are health other than our falls since both had not long ago and told me her bruises were gone and noticed a post after her death how my head was healing so good. And now there will be no pain for my sweet sister Carole. And she will be met in heaven with Jennifer her best friend and daughter. Carole can't imagine visiting Texas with out you there. RIP Carole until we meet again your brother Jimmy

I loved you very much, Aunt Carole. Your presence as my Aunt added so much to my childhood. You gave me cousins that were like siblings to me. I was also lucky because you were a part of my adult life. You made me laugh every time I saw you! You were a great friend to my parents when we all moved to Texas. After my Dad left this earth, you became such a source of comfort to my Mom and it made me so happy to know that she spoke to you every single day. I have tried to follow your example by making sure I hear her voice every day but will never be able to replace you. You are and will always be missed.

Carole, the best friend anyone would ever want. I was blessed because she was mine. She was such a strong lady and proved it several times in her life not to mention the support she has always given to me. Her family has always been there to support her and she loved them so. I could write a book on our friendship but just know I'll always love her and her family.
