Danielle left this world Friday March 11, 2022

Danielle loved so many and was loved by so many more. She had an energy that with even just one encounter with her, you would remember her for life.

If you knew her well or barely at all, she always left you thinking. Whether it was about how absolutely beautiful, ridiculously funny, or just downright how Bull-Headed she was, she left her mark. Danielle will always be remembered for her gentleness, grace, and kindness toward others. She always seemed to look out after others and would put others before herself.

She will continue to stay with us all through memories, and the laughs she forced us all to endure whether we were in the mood for it or not. We will see her everywhere.

---

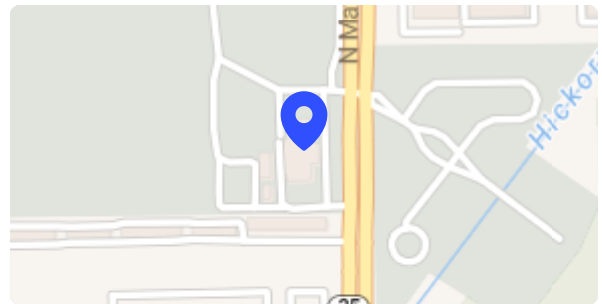

Danielle had a hard time understanding why there was pain in this world. So she tried everything to take away the pain from her friends and family alike. Her pain and confusion of this world is gone now. Rest assure she is still going to do all she can to fix the pain of all of us.

At this time, we must come together and laugh for Danielle's sake. Dannielle would have wanted it that way. Rest Assured.

Danny was my best friend, My time in Grapeland was short but very well spent. She was the one person I always knew I could talk to no matter the situation. we've had arguments but we always got through it. we had a bond that I never thought I could ever have with someone. every day on the bus on our way home from school we would sing or just sit and talk about our days. I will always remember you Dannimal, I love you and Rest in Peace.

Danielle was a student of mine at CBJ in 6th grade. I had her in my 6th period class. That was my favorite class! She would always come in with random stories that would make me laugh and she was so creative! If she saw me in the hallway she would always make sure to speak to me. Whe she was in 7th grade I would only get to see her in passing in the hall, but she was still that same bubbly, happy-go-lucky student I had the previous year. I will never forget her smile, and personality. She will be truly missed by so many! RIH sweet girl!

I have had the pleasure of having Danny as a student since last year in my Spanish class. I have seen her grow up in this short period of time into a beautiful young lady with the most loving heart. She always worried about so many around her and would do anything to cheer them up, and her smile was so contagious. My heart and prayers are with her family and friends we don't understand and never will why, but we can keep her sweet memories close to our hearts.

I remember last year at my sister's kid Birthday ...she was so happy to see me and everybody ...I gave her a big hug and I told her how big she was getting and that I remember when she was little as a newborn and just coming home from the hospital , she just laughed ... my best memories with her that I remember was when she took her first steps .. I was there to help her and we would play like crazy when we were younger ...!ll never forget the special moments we had together ! Forever in our hearts ❤️

Last April, 2021 I attended her granddad's (Dan Cantrell) funeral. Danielle and I were seated next to each other and spoke of her grandpa. She had written a beautiful poem which she did read from the podium. We shared information about our lives and I remember being impressed with how adult she seemed to be at just 13. Changes were happening in her life and she seemed excited by them all. Her life was just beginning. My sadness at her angst and dismay has haunted me all week. Such a lovely child/woman - gone much too soon.

She was so loyal, once she loved you she never once turned your back on you. She was also so funny and could make anyone laugh even if they were crying their eyes out. I'll never forget how many times she made me laugh until it hurt to breathe. And how much she loved singing and writing. I miss you forever ❤️
