Allen Fletcher Perry

FEB 18, 1944 - JUN 4, 2023

Allen Fletcher Perry, 79, of Dickinson, TX, went home to be with his Lord and Savior on June 4, 2023. Allen was born in Pensacola, FL on February 18, 1944, son of Jimmy Fletcher Perry and Rosa Lee (Williams) Perry.

Allen is preceded in death by his parents, brother Jimmy Leroy Perry, sister Patricia Mae Traynom and daughter Tereah Leigh Perry. He leaves behind his loving sister Hazel Lee McDonald, his children Angela Michelle Perry, Allen Fletcher Perry, Jr., Sharon Deniece Perry and grandchildren Malako James Ferrer, Mattison Michelle Tucker and Cailyn Shelby Haight and many cherished family members and friends.

Allen was a man of many trades, but he spent most of his working years as one of the greatest crane operators of his time, leading and mentoring thousands throughout the decades of projects. Allen loved to learn and study, especially psychology and took pleasure in listening to bluegrass and jazz music. He was always the smartest and wisest individual in any room and challenged everyone around him to be the best versions of themselves.

Allen's family is immensely grateful for his dear friend Don Evans (Spider) and his wife Jeannie Evans for their friendship of 30+ years and compassionate, tender care at the end of his life.

A visitation will be held from 4 – 6 p.m., with a funeral service following at 6 p.m. on June 10, 2023 at South Park Funeral Home in Pearland, TX.

Kent Goodman posted:

My name is Kent Goodman. I met Allen in 1986 when he was operating a crane for the Fluor Daniel Corporation at Monahan, TX. He had refused to make a lift because he felt that it was unsafe. So, I was sent to the jobsite to review the lift. It turned out that he was absolutely correct in not making the lift even though the Construction Manager threatened to fire him if he didn't. Later, the CM apologized to Allen. I was so impressed with Allen's honesty and integrity that several months later, I selected him to be the rigging superintendent on the Benicia, CA refinery project. That was the start of a wonderful friendship. Even though we were both crane operators, I often asked him for his opinion on crane operations and he asked me a lot of questions on rigging engineering. I will miss conversing with Allen on a lot of topics. I pray that Allen's family will not mourn to long but will turn their mourning into sweet memories of him and their time together.
