Oh my, my husband & I just had a nice visit with George a few weeks ago. I am so, so thankful for that time we had together. I got to know George thru Bludau Fabrication where I worked for 30 years. As Frank Bludau said "He always made a person laugh!" It was easy to tell who was on the phone with George because you could hear their laughter down the hall . Gonna miss you so much~~~~~you were a hoot and God outdid himself when he created you!!!! You had a heart of Gold!!! Our prayers go out to his family & friends!!! ❤️ 👤

I had known George for 40 years, I had a steel fabrication business. George was one of my supplier's. I always could count on his sense of humor to brighten my day. Some of my fawnest memories were Vegas trips, fishing trip, our attempts to play golf, and of course eating a fine meal with a good drink. Thanks for the memories, see you on the other side. I first met George in my late teens, at that time I had no idea that I would join the same industry and work for a competitor. I consider George a friend whenever we had the chance to meet face to face it was just like being brothers. George would call me and just tell me a joke never state his name you just knew it was him, he would tell the joke hang up leaving me laughing for 30 minutes at times my stomach hurt so much. George was respectable honest competitor... I truly respected him for the way he handled his business. His leadership will be truly missed!! A REAL ICON of the Steel Service Center Industry we have been friends and competitor for over 40 years. Bob Kester
