So after Dusti & I were married in March 2022, I asked Chuck if I could call him Dad. He replied why? I said out of respect. He told me not until my probationary period was over. I asked when is that going to be, he replied when I tell you. A year later, he told me to just call him Chuck. I respected that. He always treated me like a son never an outsider. Sometimes we would have complicated conversations but I knew he loved me. You will be missed dearly and never forgotten.

Chuck and the Hughes family were part of our baseball family for years. Our baseball family morphed into a second family for all. To say we got a little crazy about baseball is an understatement!! But we created some amazing memories and Chuck, Connie and Ethan were front and center in our endeavors. Even though it has been a few years, the memories are vivid. Sending much love to the Hughes family, Bill.

Chuck and I used to play together all the time and I remember one time after it rained, our grandfather, Earl Harrison, offered each of us 5 cents for each frog we could catch ☐ I can still see that so clearly in my mind ☐
