Sean Martin lit a candle in honor of Danny.

I never actually meant Dan himself, however he gave me the greatest girl that I've ever known as a goddaughter and he was happy to share her with me. I love her so very much and he never had any complaint about sharing every time that I would turn around. He was sticking his head into her room, saying I love you, honey letting her know how much she mattered. I just wish more of the world was like him

Dan was the sweetest person that I ever met, I met him through Kayla at ACC in 2018 or 2019 and we all became really good friends and still are to this day, we loved talking about God and they were always there for me. So thankful that I was friends with them and that they were apart of my life. You will be missed dearly Dan
