Lois Williamson

JAN 26, 1939 - DEC 31, 2025

Lois Jean Williamson, born January 26, 1939, in Houston, Texas, passed away peacefully, surrounded by her loving family and friends, on December 31, 2025, at the age of 86. Lois was the cherished daughter of Maurice Eugene Blackburn and Lois Evelyn Blackburn, who nurtured her love of learning and creativity from an early age. She graduated from Pasadena High School in 1957 and continued her education at San Jacinto Junior College in Pasadena.

On January 18, 1963, Lois married the love of her life, Billy Wayne Williamson. Together, they built a home filled with devotion, laughter, and unwavering support. Their partnership remained a constant source of strength throughout her life.

Lois worked for many years as a dedicated and meticulous accountant and bookkeeper, bringing integrity and care to every task. Outside of her professional life, she embraced her passions wholeheartedly. She had a lifelong love for the arts. She shared that gift generously by teaching art classes at the neighborhood center and welcoming students into her home, where creativity and encouragement flourished. Lois once took flying lessons and briefly owned her own plane. Additionally, her adventurous spirit shone brightest on the water. Lois loved to sail and proudly captained her own sailboat, finding peace and joy in the wind, waves, and open sky. She absolutely adored traveling and took numerous trips, both internationally and within the United States. Exploring new places brought her so much joy, and she especially loved cruising with family and friends. The adventures they shared created some of her most cherished memories.

Lois had a passion for entertaining and loved hosting celebrations for family and friends during Easter, with Easter egg hunts, Fourth of July barbecues, and Christmas parties, as well as various other events. An avid reader, she enjoyed reading each night before going to sleep. Lois also liked working on jigsaw puzzles; after her retirement, she dedicated her evenings to this hobby, often completing a puzzle every week and then immediately starting a new one. She inherited a love for plants from her grandmothers and mother and found joy in gardening.

Hi mom, I just found your link today, to post on here. I miss you so much. The utter, and complete shock, I have not known that you had passed away for nine days still hurts my feelings. I can hear you say it's OK, sweet girl., like you always did. I know that we had a very special bond that can never be broken so I cherished all our visits. All our talks are shared interest in painting, and that we both attended oil painting classes at Larry's arts and craft, except I was eight years old, and my teacher was Janine Campbell, rip. You are still so smart and so very sharp, so you're passing also caught me off guard too. I know you're back with your precious Jim Sean tell my friend I love him very much and he was so precious just like his mom. Sean was an amazing friend for 20 years. I knew him a very precious gem. I didn't know that when you told me a couple of days before I didn't even know that you had passed when I went to go wash my dad plot and Sean and renee's plot that you were gonna pass and I remember telling you that, of course I would, but that wasn't gonna happen anytime soon, but then you did I miss you so very much mom and I love you very much and I will relish all of our memories together thank you for being such a great support system and thank you for the kind words. I know it was such a privilege to be in your life. I wanted to take you to doctors appointments, but you were so independent. You told me that you were gonna take yourself until you couldn't anymore and I was like OK mom I thank the Lord the special bond that we had. I don't know you were resting in peace. I love you Rest in peace, Maria Baca

I have the fondest and most vivid memories being Billy & Lois's neighbor. She taught me to paint, make divinity, and always to have something green on my plate. I loved taking rides with her in her Cadillac and helping her with quick books. I'm so grateful to have known her and will remember her always.

Aunt Jean, I am so grateful for the love and kindness you showed me from the very beginning. When I first met Kyle, you welcomed me into the family with such warmth and love and that meant so much to me. You were truly the heart and leader of the family. Your strength, guidance, and love always brought everyone together and all of our family memories will be cherished and remembered forever. We will all miss you so much. Love you, Angelina ❤️ (I love this sweet picture of you and Kasyn, Thanksgiving 2012 ❤️)

I always loved going to Uncle Billy and Aunt Lois. She was the sweetest. I loved her laugh too. I showed her how to take pictures with her Apple Watch. She took this picture and loved it. I'm going to miss you dearly. I know you're with Your babies now. Love you always 👤❤️✚

She will be in our hearts forever. I met Lois through our Bunco group. This group always laughed and enjoyed being together. We also took some trips together. I remember when we would stay in Galveston at her place, we always had such a good time. Sometimes it was a challenge getting several women ready to go run about, but we always did it. Lois keep us in line and on a time schedule. Her memory will always be with us. My utmost condolences to her family and the people she was a part of. Linda Dorsett

My brother Tiger and I loved visiting Aunt Lois and Uncle Billy when we were younger. Aunt Lois taught me how to paint and was so patient with me. My brother and I have kept her art since we were younger from the visits. And we always enjoyed the Easter egg hunts with them including Sean who loved Easter more than anyone else. My mom Patsy and dad Yankee loved visiting them as well and always had fun at her Christmas gatherings. To Uncle Billy and all of Aunt Lois's family, we are thinking of you all during this time. Aunt Lois will be missed by all. Love. Doretta Tiger Patsy and family.
