“ Thank you for giving my mom such great memories, thank you for amazing meals you made for us as well as the mess you would leave in the kitchen lol you will live forever in the hearts of every person you opened your home and heart to; Your body may not be with us anymore but your legacy and memories will live forever. Rest in peace Lee, you no longer have to hurt, you no longer have to worry. Tell mama and grandma that I love them for me, soon we'll meet again.

“ I have known Lee for the past 30 plus years. He still is my very best friend. He is family. He is a kind person. He started me in the car business in 1998...He introduced me to my wife.... He was there when my daughter was born... He was there for the funeral of my older brother and both my parents.....That right there is the meaning of family...Always there when you needed him....,He made sure when you're with him you had a great time...I love him and will miss him but I'll be telling people stories about him til the day I die...,REST IN PEACE BROTHER

“ Lee,
My family and I will miss you dearly!! We met long ago and have been good friends since. such good friends that all my kids call you "Tio Lee" to them you are their Tio and they are saddened with your departure. I will most definitely miss talking to you in the mornings to wish you a good day. When I turn on Willow Beach Dr. the garage with the blue walls will no longer be the same without you sitting out there enjoying the day. I will miss coming over randomly to have a few beers with you. Not to mention Lake Livingston buddy! Pero esto no es un hasta aqui, si no hasta luego
See you on the other Amigo

“ baby I have my heart broken with your departure, I never thought you would miss me so soon, I feel great sadness and loneliness, I miss you like never before, every night I am waiting for you to come home from work and talk about how your day was My love, you left at the moment when we were making so many plans to start enjoying life without any concern and to be able to reach old, happy and calm people. What a sad daddy, I know that this promise you made to me you could not keep. not because you did not want to, but because you were taken from my life, but I promise that I will continue with what you started and that you wanted so much I feel that I cannot breathe because of the sadness that accompanies me for not having you by my side, I will love you and I will always remember my beloved teddy bear as I said to you dear ... you are already that angel who will always be taking care of me second after second ..RIP my love, I'll be fine ..your wife GLORIA ASAF
