

## Rafaela Grace Sweitzer

May 8, 2020 - May 8, 2020

We will miss our baby girl for the rest of our lives. She was the most beautiful and precious person on this earth. She is our heart and soul. We gave her life but she has given us a reason to live. We will live every day to its fullest, for her. We will keep her memory alive by celebrating life in her name. Our daughter will forever be missed. We love you Rafaela, you're our little angel. Some people only dream of angels but we held one in our hands.

“Rafaela, you are missed beyond words. I want to write this for you because you deserve so much. So many prayers, thoughts, words and actions.

Your mommy is a beautiful soul. She misses you every moment of every day. I never met you, yet I have so many memories. I was blessed to watch you grow to get the updates and hear your story.

Your the reason I met your mommy so thank you.

She was full of joy and excitement for you. She did so much for you as you did for her.

I will never forget you Rafaela

-Vanessa

Our Baby

Author Teri M. Stuckmann

An empty space where life once stirred  
My eyes were not yet seeing  
Where once my heartbeat shared a tone  
with a small and fragile being

So scarcely formed yet still a life  
A dream, a hope, a promise  
Our plans were changed to now include  
This new life thrust upon us

Then just as quickly as it came  
Our dreams were gone away  
The deepest pain I've ever felt  
Our baby died today

With footprints left upon our hearts  
She gently took her leave  
We're left with nothing but regret  
And only time to grieve

There was no service to be held  
No mourning time required  
No songs of longing and despair  
No words to be inspired

We're simply told to bare the pain  
"It's nature's way" they say  
I can't forget our baby moved  
inside me yesterday

And with each word of sorrow  
my teardrops fall like rain  
The anger and resentment  
are mixed with guilt and pain

I look to heaven for a sign  
to help search out a course  
Where love can teach acceptance  
and eliminate remorse

My body will accept the truth  
that now our baby's gone  
But in our hearts our Angel  
everlastingly lives on!

“Rafaela, your mother was and is a very faithful and brave mother. A woman we, in this family, should hold in high esteem. She gave you a chance at life when no one else did. You took that chance and held on as long as you could. We honor and love you both.
