“ Vernon and Charlie lived behind us. As kids we were pretty wild. We rode our bikes fast and played baseball like our lives depended on it. Vernon was funny and a bit cockeyed. I'm sorry that I lost touch with my Pearland pal. I always wondered how verson was. I now see he had a great life with.large loving family. Bill isaacson

“ I'm so thankful I spent every day with you for the last 5 months. I already miss you so much. Thank you for everything you ever did for me. You loved me so much and always made sure to let me know how much. Just last Friday you hugged me and told me how much you loved and appreciated me. I'll never forget about you, I'll save you a front row seat at my wedding and I'll make sure to tell my kids how great of a grandfather you would've been to them. It wasn't supposed to end like this.. we had so many plans together. I was so excited to move into a new home with you and start all of our projects. I'll never forget about you and I'll think of you every day. I love you so much and I'll miss you until I see you again! I hope you're loving heaven and loving all over my brother!
